

## ANAPHYLAXIS

Anaphylaxis Awareness course is designed to help learners understand more about what anaphylaxis is, what the symptoms of allergies and anaphylaxis are, and what can be done to help a person with anaphylaxis manage the condition.

Throughout the course you'll learn more about the common symptoms to look out for amongst the people you work with, live with, care for or cater for. Upon completion of the training, you'll be able to understand the vital first aid measures to take – including how to put a person in the recovery position and how to administer an auto-injector - should someone suffer from an anaphylactic shock.

- ❖ What is anaphylaxis?
- ❖ The common causes of anaphylaxis
- ❖ Signs and symptoms of anaphylaxis
- ❖ Treatment and management of anaphylaxis
- ❖ Safe use of an EpiPen (practical)
